WORKSHEET TO DEVELOP YOUR CLASS SCHEDULE

Registration Priorities: When registering for classes, there are certain courses that you **MUST TAKE FIRST**, which may include required Learning Support (LS), English as a Second Language (ESL), and College Preparatory Curriculum (CPC) courses. If you have requirements in these areas then you'll take these courses before taking any courses for collegiate credit. **"Controls" (CTRLs) restrict** your registration to required courses first, as opposed to **"HOLDS"** which prevent registration altogether.
